ECO SENSORS

ECO SENSORS

Item	Ref. No.	Description
	BMSA1204	Ceiling Mounted flush Motion Sensor PIR on/off IP41 360 degree,10-1275lux 10s-10min,1000 w incandescent 250VA led
	BMSA1205	Ceiling Mounted surface Motion Sensor PIR on/off IP41 360 degree,10-1275lux 10s-10min,1000 w incandescent 250VA led
	BMSA1104	Wall Mounted Motion Sensor PIR on/off IP42 140 degree,10-1275lux 10s-10min,1000 w incandescent 250VA led
	BMSA1105	Ceiling Mounted surface Motion Sensor PIR on/off IP55 360 degree,10-1275lux 10s-10min,1000 w incandescent 250VA led
	BMSA2103	Switch Sensor with passive infrared multi-detection, with lens (front and lower) for movement and light detection, "Zero Crossing" technology, ON/OFF management surface installation on wall or ceiling, protection degree IP55, quick terminal connection, covering area diameter 4 m (down) and 24 m (front) for an height of 2.5 m, maximum installation height 9 m, power supply 100-240Vac, 50/60 Hz, maximum load 8.5 A at 230Vac, setting by remote control item BMSO4003 or BMSO4001, luminance level setting from 5 lux a 1275 lux and delay time from 5 s to 59 min
	BMSA2104	Passive infrared sensor switch with high density lens, for detection of presence and level of illumination, "Zero Crossing" technology, ON / OFF load management, wall or ceiling installation, IP42 protection degree, terminal connection screw, coverage area 6 m wide by 180 ° and depth of field of 8 m for an installation height of 2.5 m, maximum installation height of 6 m, power supply 100-240 V ac, 50/60 Hz, maximum load of 8.5 A at 230 V ac, regulation via configuration remote control ref. BMSO4003 or BMSO4001 of illuminance level from 5 lux to 1275 lux and delay time from 5 to 59 min
	BMSA2105	Switch Sensor with double technology: passive infrared and ultrasound, for presence of people and luminance level detection, "Zero Crossing" technology, ON/OFF management, wall or ceiling installation, protection degree IP42, screw terminal connection, covering area 6 m for 180° and depth field of 12 m for an height of 2.5 m, maximum installation height 6 m, power supply 100-240Vac, 50/60 Hz, maximum load 8.5 A at 230Vac, setting by remote control item BMSO4003 o BMSO4001 of the luminance level from 5 lux to 1275 lux and delay time from 5 s to 59 min
	BMSA2106	Switch Sensor with passive infrared equipped with long range lens, for the movement detection and the level of illumination, "Zero Crossing" technology, ON/OFF management, wall or ceiling installation, protection degree IP42, screw terminal connection, covering area 6 m for 180° and depth field of 25 m for an height of 2.5 m, maximum installation height 6 m, power supply 100-240Vac, 50/60 Hz, maximum load 8.5 A at 230Vac, setting by remote control item BMSO4003 or BMSO4001 of the luminance level from 5 lux to 1275 lux and delay time from 5 s to 59 min
	BMSA2202	Switch Sensor with double technology, passive infrared and ultrasound, for presence of people and luminance level detection, "Zero Crossing" technology, ON/OFF management, flush mount installation in the ceiling with springs or box, surface installation with box item 048875, protection degree IP20, quick terminal connection, covering area diameter 8m for an height of 2.5 m, covering area for ultrasound diameter 11 m (95 mq) for an height of 2.5 m, maximum installation height 6 m, power supply 100-240Vac 50/60 Hz, maximum load 8.5 A at 230Vac, setting by remote control item BMSO4003 and BMSO4001 of the luminance level from 1 lux to 1275 lux, delay time from 0 s to 60 min

ECO SENSORS

Item	Ref. No.	Description
	BMSA2204	Switch Sensor with passive infrared with high density lens, for the movement detection and the level of illumination, "Zero Crossing" technology, ON/OFF management, flush mount installation in the ceiling with springs or box, surface installation with box item 048874, protection degree IP20, power supply 100-240Vac 50/60 Hz, maximum load 8.5 A at 230Vac, HVCA load management, setting by remote control item BMSO4003 and BMSO4001 of the luminance level from 1 lux to 1000 lux, delay time from 2 s to 60 min
	BMSA2205	Switch Sensor with passive infrared, for the movement detection and the level of illumination, "Zero Crossing" technology, ON/OFF management, flush mount installation in the ceiling with springs or box, surface installation with box item 048875, protection degree IP20, quick terminal connection, horizontal covering area 30m, 15m (front) and 15m (rear) for an height of 2.5 m, power supply 100-240 Vac, 50/60 Hz, maximum load 8.5 A at 230 Vac, setting by remote control item (BMSO4003 and BMSO4001) of the luminance level from 5 lux to 1275 lux and delay time from 5 s to 60 min
	BMSA2208	Passive infrared sensor switch for high ceilings, suitable for the detection of movement and level of illuminance, "Zero Crossing" technology, ON / OFF load management, surface mounted ceiling installation, IP55 degree of protection (IP66 using the appropriate connector) , connection to quick-fit clamps, circular coverage area of 20 m diameter at an installation height of 9 m, maximum installation height of 9 m, power supply 100-240 V ac, 50/60 Hz, maximum load of 8.5 m A at 230 V ac, regulation via configuration remote control ref. BMSO4003 or BMSO4001 of illuminance level from 5 lux to 1275 lux and delay time from 5 to 59 min
	BMSO4003	Remote control for the configuration (base) with infrared receiver and transmitter, allow the setting of the main parameters for Switch Sensor. Permette di modificare i parametri solo per valori pre impostati, ricarica delle batterie non disponibile
	BMSO4001	Advanced configuration remote control, equipped with an infrared transmitter and receiver, allows the adjustment of the main operating parameters of: Switch Sensor, Green Switch and compatible SCS sensors. Equipped with a display for the acquisition of the parameters set on the sensors and for the modification of the same, recharging the batteries via mini USB port

SMART SYSTEMS MY HOME

Item	Ref. No.	Description
Motion sensor		
	BMSE3001	SCS sensor with passive infrared for the movement detection and the level of illumination, flush mount installation in the ceiling with springs or box, surface installation with box item 048874, protection degree IP20
	BMSE3003	SCS sensor with double technology: passive infrared ed ultrasound, for presence of people and luminance level detection, flush mount installation in the ceiling with springs or box, surface installation with box item 048875, protection degree IP20
Touch screen		
	506E	moulded flush mount box
	LN4890	L&L - Touch Screen 3,5 IP bus
	MH4892C	MyHOME_Screen 10" C
	MH4893C	MyHOME_Screen 10" C
Webservers		
	F455	Basic Gateway
	F454	Web Server A/V Bus
	MYHOMESERVER1	Web Server A/V Bus with cloud based application
AC control IR Emitter		
	3456	IR emitter for air conditioning bus
Switch Cover		
	NT4911N	Lightable Key-Cover Switch, 1Mod.
	L4911N	Lightable Key-Cover Switch, 1Mod.
	NT4911M2N	Lightable Key-Cover Switch, 2 Mod.
	L4911M2N	Lightable Key-Cover Switch, 2 Mod.
